

# You're gonna charge me HOW MUCH?!? Looks like it's time to get a T1 or two from Mia!

With multiple and redundant T1 and DS3 connections via 4 different providers, we are South East Wisconsin's only Fiber connected ISP. That said, we can deliver T1 at an affordable price! Our 100% switched, Cisco Routed Network runs BGP4 (Border Gateway Protocol) for redundancy to ensure that our network is running at 99.8% uptime. So if you are looking for fast reliable and affordable -T1 Service for your business, give us a call today!

**Business Special:**  
**Half T1 \$250/mo.**  
**Full T1 \$500/mo.**  
**Free Install**  
**Free Router\*\***

**We Give You More!**

\*\*Free install applies to half and full T1 services 24 month contract required, free Cisco 1600 series router, phone company charges extra. Some restrictions may apply, call for full details.
